

Brûlé Restaurant

at Pine Cove

At the Brule Restaurant we look to source Canadian and local ingredients for our dishes whenever possible. All of our meat is sourced from Canadian suppliers and our fish is from Manitoulin Island and Georgian Bay. We enjoy slow-cooking a lot of our ingredients, because sometimes good food takes time! Unlike other eateries we ask you to order in advance, this ensures that we waste very little and allows us to continue running a small kitchen.
